An adaptable professional with a first-class bachelor's degree, seeking a full-time position to fully utilise my technical, analytical and programming skills to thrive as an entry-level software engineer. I am a self-motivated individual with a practical approach to problem solving and a drive to see things through to completion. Throughout my coding bootcamp, I have gained extensive technical skills across coding fundamentals, front-end and back-end development.

Technical Skills

- JavaScript
- Front-end Development (incl. DOM manipulation, HTML, CSS, React)
- Back-end Development (incl. Node.js, MVC model, APIs, Express.js, SQL)
- Test Driven Development
- Object Oriented Programming
- Pair Programming
- Git & Github

PROFESSIONAL EXPERIENCE

Trainee Software Engineer, Northcoders   Jan - Apr 2023

Through intensive 13 weeks full-time bootcamp, I was trained as a full-stack software engineer and covered a mixture of both back-end and front-end, with a focus on building web applications. This consisted of completing sprints on a daily basis and taking on projects towards the end of the course.

Career Transition   Sep 2022 – Dec 2022

Decided to transit into the world of coding after researching the tech industry and the steps required to move into the field. Completed several online coding courses and was then granted a place at Northcoders software engineering bootcamp, after passing their entry challenge on JavaScript.

Assistant Accountant, Tern PLC   Apr 2022 – Sep 2022

Assisted in the preparation of monthly management accounts. Input data for purchase invoices using Hubdoc. Daily bank reconciliation in Xero. Managed aged payables ledger and scheduled payment runs on a monthly basis. Conducted audit for our investee companies and provided a report of their weaknesses along with recommendations to improve their internal controls and processes.

Finance Manager, <u>Vorboss Limited</u>   Sep 2020 – Mar 2022

Assisted in the preparation of the month-end management accounting process. Bank reconciliation in Xero Accounting Software for several banks with various currencies. Scheduled a payment run of over 300 payments on a weekly basis. Implemented *ApprovalMax Software* from scratch to ensure all our purchase invoices go through an appropriate approval system before any payments are made. Implemented *Spendesk Software* to have a tool for reimbursement, uploading receipts, and better monitoring operational expenses. Trained 2 junior members of our team to be up to speed with all the tools and processes.

Accounts Assistant, <u>MWM United Ltd</u>   Jan 2020 – Sep 2020

Allocated and processed invoices. Posted journals. Assisted in continuous improvement of systems and processes. Supported preparation of financial statements. Interacted with clients.

Trainee Accountant, <u>JF Francis Ltd</u>   Sep 2019 – Jan 2020

Performed a broad range of operational tasks, such as assisting in preparation of financial reports and answering phone calls.

Accounts Assistant, <u>Zanobia & Co/ Completion Sales & Lettings</u>   Sep 2018 – Sep 2019

Processed invoices, identified and rectified errors. Assisted in processing payroll. Handled customer queries; solved problems to deliver an outstanding customer experience. Contributed significantly to the design and development of the company website.
